

Retrieve the sales of a particular product for a given week.

SQL Query:

```
SELECT SUM(Quantity) AS total_sales FROM
    (((SELECT * FROM TRANSACTION JOIN MADEON ON
        (TRANSACTION.transaction_ID=MADEON.transaction_ID)) AS r1 JOIN
        products AS p on (r1.productID=p.productid)))
WHERE product_name='Minute Maid' AND purchase_date>= date'2020-08-15'- INTERVAL'7
days';
```
